DETAILED ACTION

1. This is in responding to the amendment filed 02/05/2007.

Allowable Subject Matter

2. Claims 2,6, 11, 17-23 are allowed.
3. The following is an examiner's statement of reasons for allowance:

As to claims 11, 17, the prior art as taught by Bramnick et al (US. Patent 5,903753), Bhat (US 2003/0055809 A1) and Traversat et al (US 6,854115 B1) do not teach on render obvious the limitations recited in claims 11, 17, when taken in the context of the claims as a whole, creating a persistence data object into which to write the data, assigning a unique identifier to the persistence data object; writing the state data into the persistence data object; storing a record of the unique identifier and the persistence data object, locating state data to be read based on a unique identifier associated with a stored persistence data object as recited in the independent claims 11, 17. Moreover, evidence for modifying the prior art teachings by one of ordinary skill level in the art was not uncovered so as to result in the invention as recited in claims 11, 17.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
